Most questions contain rule references, others will require officials to get a bit into the NFHS Rule and Case book.

## Section 1 – Definitions

Reviewing definitions and key terms in Rule 2 of the NFHS Rule Book is a great start to a new season. As you read and answer questions, you might also think about how you are going to report a foul to your Referee during a game. Using the correct definition language will make communicating with your crew and coaches, as well as penalty enforcement, much easier, clearer and effective.

1. A muff and a fumble are two different terms that define how a ball became loose. A muff is the touching of a loose ball by a player in an unsuccessful attempt to secure possession. A fumble refers to any loss of player possession other than by handing, passing or legal kick. (2-18; 2-27)
  - A. True
  - B. False
2. It is forward-pass interference if any Team A or B player, who is beyond the NZ, interferes with an eligible opponent's opportunity to move forward, catch or bat the pass. (7-5-10) Helpful keys to this rule include: All eligible receivers have equal rights to the ball; It is pass interference if the contact interferes with an eligible player's opportunity to move toward, catch or bat the pass; and physical contact is necessary to have pass interference (e.g. face guarding is legal).
  - A. True
  - B. False
3. The free-blocking zone is a rectangular area extending laterally 4 yards from the spot of the ball and 3 yards behind each line of scrimmage. Under certain conditions, blocking below the waist and blocking in back is permitted in the free-blocking zone. (2-17)
  - A. True
  - B. False
4. After an incomplete pass or when enforcing a penalty from the previous spot, the ball should be returned to the spot where the last snap occurred. "Positions 1-5" help officials remember where the previous spot was. Position 1 is always the hash closest to the press box, with Position 5 always being the hash opposite the press box. Positions 2 and 4 refer to the each goal post, with Position 3 being the middle of the field.
  - A. True
  - B. False
5. A, 1/G, B-7. WR A2 runs a pattern to the endzone, stops and jumps in the air to catch a pass from QB A1. With possession in the air above the endzone, A5's momentum carries him back to the B-1 where he is tackled. The ball will be spotted at the B-1, A, 2/G. (2-15-2; 2.15.2)
  - A. True
  - B. False

California Football Officials Association

**2024 Summer Study Guide**

Officials Version

6. The elements of a completed “catch” include securing firm control of a live ball in flight with the arms or hands before the ball touches the ground, the player first touching the ground inbounds with any part of their body, and maintaining control of the ball throughout the catch. For example, a receiver securing the ball with both hands, having one toe inbounds at the time of possession, and no ball movement as they go to the ground inbounds or out of bounds is a catch. (2-4)
- A. True
  - B. False
7. A, 1/10, A-20. QB A1 receives the snap and throws a pass to A21 at the A-27 where he is tackled. Before the pass, A79 was blocking B90 at the A-22. A79 has committed a foul for being an ineligible downfield before the pass, a 5-yard penalty enforced from the previous spot. (2-28-2, 7-5-12)
- A. True
  - B. False
8. A, 1/10, A-20. B79 is in the neutral zone at the snap. (7-1-6a)
- A. Live-ball foul, Team A has a “free play”
  - B. Dead-ball foul, covering official blows their whistle to kill the play
  - C. No foul, B93 did not make contact with a Team A player or cause an A player to move
9. A, 3/25, A-40. B3 is attempting to intercept a pass when he is forcibility contacted by A21 who is not making a play on the ball, not initiating the contact with open hands, and not attempting to tackle B3 by wrapping his arms around him. This contact is legal because a Team B not in possession of the ball cannot be a defenseless player. (2-32-1d)
- A. True
  - B. False
10. A, 1/Goal, B-3. QB A1 pitches the ball to A21 at the B-7. A21 sweeps to his left and dives at the B-2 in an attempt to score. B15 hits A21 which causes him to land out of bounds beyond the goal line extended. The ball was in A21’s left hand, toward the sideline, outside of the pylon. (2-26-3; 2.26.3)
- A. Touchdown
  - B. B, 2/Goal, line of scrimmage is the foremost point where the ball crosses the sideline plane.

## Section 2 – The Kicking Game

Arguably the most complex part of our game. Team possession generally changes during the down, there are formation expectations, and there are special enforcements depending on when a foul occurs. Penalty enforcement becomes easier when you determine when the foul occurs and memorize the special enforcements (10-5) associated with fouls during free and scrimmage kicks. Enforcing a penalty *before the kick* can be different if the foul occurs *during the kick* or *after the kick*.

California Football Officials Association

- A. True
  - B. False
16. K, 4/10, K-20. Receiver R21 is contacted early and not given a chance to catch the kick, Kick Catch Interference. Since this foul occurs during the kick, while the ball was loose, the enforcement spot must be the previous spot.

  - B. The end of the kick. Post scrimmage kick enforcement.
  - C. The spot of the foul. The foul occurred behind the end of the kick.

### **Sections 3 – Formations and Player Eligibility**

Not too many rule changes for 2024, but a point of emphasis from NFHS is formations and what makes legal and illegal, and which Team A are eligible to touch the ball based on that formation. During our CFOA offseason instructional sessions, we covered both of these topics in detail and those training sessions can be found on the CFOA YouTube page. Recommend taking some time to watch those videos before completing this section.

31. A, 2/15, A-32. Team A has 10 players on the field. Before the snap, A10 runs on the field and lines up as the widest receiver between his sideline and the numbers.

- A. A, 1/15, A-15. Illegal Formation, dead-ball foul

  - C. Legal formation
33. A, 1/10, A-20. Team A is in a legal formation and the snapper has placed his hand on the ball. QB A1 sees the defensive formation and yells, “check, check, easy, easy” and looks toward the sideline. Snapper A79 removes his hand from the ball, not simulating a snap, and stands to look toward the sideline. (7-1-3a)
- A. Legal
  - B. Illegal

34. A, 1/10, A-20. Snapper A79 breaks from huddle grabs the ball and rotates it horizontally/parallel to the line of scrimmage before the snap occurs. This is legal because A79 never removed his hand from the ball. (7-1-2)

  - B. A, 3/9, A-20
39. A, 3/3, B-30. Team A is trailing 24-28 with 0:30 seconds remaining in the game, with no timeouts. QB A1 is positioned 4-yards behind snapper A79 in a shotgun formation. This is legal because the spike/pass was immediate after A1 gained possession.
- A. True
  - B. False
40. A, 3/7, B-40. Team A has 5 players in their backfield at the snap. QB A1 throws a pass that is intercepted by B23 at the B-35. B23 returns the interception for a touchdown. (8-2-3)

## **Section 4 – Foul Reporting and Enforcement**

Whether you are a new official in the first couple years in your career or a veteran official with several years of experience, all officials should master the art of reporting a foul to your referee. Some units have crews that work together every week, some units use mixed crews every week. Regardless, foul reporting and penalty enforcement should be a standard of your pregame discussion, especially if you are working with a mixed crew. Knowing and understanding foul reporting and penalty enforcement will take your officiating game to the next level.

NFHS made significant changes to the enforcement spots in 2023, this section covers those changes. Please refer to the Table 10-4 for the new enforcement spots.

  - A. True
  - B. False
  
- 44. A, 1/10, A-20. QB A1 is sacked at the A-15. Right Guard A54 holds B90 at the A-16. The enforcement spot is:

The flank official and umpire blow their whistles as the pile begins to move backwards. B21 runs and jumps on top of the pile after the whistle. The enforcement spot is the: (10-4-5)

  - C. A, 1/5, A-25

## **Section 6 – Special Enforcements**

NFHS has 10 special enforcement rules (10-5) that we all need to just memorize so that proper enforcement can be applied when one of these fouls occurs.

59. There are only 4 fouls that carry an automatic first down using NFHS rules.
- A. True
  - B. False
60. There are only 4 fouls that carry a loss of down in their statement of penalty using NFHS rules.
- A. True
  - B. False
61. Five-yard facemask fouls are rare, but if it is a “quick grasp and let go”, it can be called. When in question it is a 15-yard Personal Foul.
- A. True
  - B. False
62. Free kick, K-40. With 1:05 remaining in the 4<sup>th</sup> quarter, Team K trails Team R 14-17. Team K’s kick bounces at the K-45 and goes untouched out of bounds at the 50. The best option for Team R would be: (10-5-1)
- A. Rekick from the K-35
  - B. R, 1/10, 50
  - C. R, 1/10, K-45
  - D. R, 1/10, R-35
63. A, 2/7, B-40. QB A1 throws a pass that is tipped by A22 at the B-8, then tipped by B2 at the B-6, and intercepted by B20 at the B-4. B20 was running toward his endzone at the time of the interception. A22 tackles B20 in Team B’s endzone.
- A. Safety, B Free Kick from the B-20
  - B. Touchback. B, 1/10, B-20

64. K, Free Kick, K-40. R20 muffs the ball and the ball rolls out of bounds at the R-35. Team R has options on where the ball will next be put into play. (6-1-10, 10-5-1a)
- A. True
  - B. False
65. A, 1/10, A-20. QB A1 drops back and throws a completed pass to A2 at the A-40 where he is tackled. After throwing the pass, B99 picks up A1 and forcefully drives him to the ground.
- A. Team A will decline the personal foul for Roughing the Passer and take the result of the play

66. A, 1/10, A-20. QB A1 drops back and throws a completed pass to A2 at the A-25 where he begins his run. While being tackled at the A-30, A2 fumbles the ball, and the ball rolls out of bounds at the A-32. After throwing the pass, B99 picks up QB A1 and forcefully drives him to the ground. (10-5-5)
- A. A, 1/10, A-35
  - B. A, 1/10, A-45
  - C. A, 1/10, A-47
67. A, 3/5, A-6. QB A1 is under pressure and retreats into his endzone. Instead of being tackled, he throws a forward pass from inside the free-blocking zone into an area with no eligible receiver, that does not cross the line of scrimmage.

68. K, 4/20, K-36. Kicker K11 is roughed by R34. The Personal Foul, Roughing the Kicker will be enforced from the previous spot, but since the penalty yardage did not result in a 1<sup>st</sup> down for Team K, the next play would be K, 4/5, R-49. (9-5, 10-5-1h)
- A. True
  - B. False
69. A, 3/Goal, B-4. Running Back A21 runs a sweep to the left and runs untouched into the endzone for a touchdown. 4-yards into the endzone, B30 forcibly knocks A21 to the ground. (8-2-5)
- A. A, Try, B-1.5
  - B. A, Free Kick, R-45
  - C. Either A or B

## **Section 7 – Be Strong with the Force**

Several key principles exist when talking about Force, but always ask yourself one question, “How did the ball get into the endzone?”. When determining if the play resulted in a Touchback or Safety, which team gave the ball force to put it into the endzone matters. Rule 2-13 is a good place to start, followed by Rule 8-5.

70. Responsibility for forcing the ball from the field of play across a goal line is attributed to the player who carries, snaps, passes, fumbles or kicks the ball, unless a new force is applied to a grounded backwards pass, kick or fumble. (8-5-1)
- A. True
  - B. False
71. Muffing or batting a pass, kick or fumble in flight can be a new force.
- A. True
  - B. False
72. A, 1/15, A-5. QB A1 pitches the ball backwards to RB A21. Defensive End B99 runs unblocked into the offensive backfield and bats the ball into the endzone where it is grounded and rolls across the endline.
- A. Touchback
  - B. Safety
73. A, 1/15, A-5. QB A1 pitches the ball backwards to RB A21 who muffs the ball at the A-2 where the ball hits the ground at the A-3. Defensive End B99 runs unblocked into the offensive backfield and in an attempt to recover the ball at the A-2, bats the ball into the endzone where it is grounded and rolls across the endline.
- A. Touchback
  - B. Safety
74. QB A1's pass is intercepted at the B-3 by B19 and his momentum carries him into the endzone. B19 attempts to run the ball from the endzone when A22 forces B19 to fumble the ball in the endzone. The loose ball rolls out of bounds beyond the endline. (2-13-1)
- A. Touchback. Team B ball 1/10, B-20.
  - B. Safety for Team A. B, Free Kick, B-20.
  - C. Touchdown for K
  - D. B, 1/10, B-3.

## **Section 8 – Fouls During a Change of Possession**

In thinking about fouls that occur during a change of possession, break it down as follows: 1) When did the foul(s) occur? 2) Who was in possession when the foul(s) occurred? and 3) Who is in final possession? E.g. who will be next to put the ball in play?

California Football Officials Association

**2024 Summer Study Guide**

Officials Version

Review 10-2-2 before completing this section of questions. The standard of “clean hands” is not directly referenced in our rule book but has to do with whether the team in final possession (usually Team B) got possession before they committed a foul. Unless Team B possesses the ball with clean hands or commits a PSK foul, Team B will not be next to put the ball in play.

75. A, 1/10, A-20. QB A1 throws a pass that was intercepted by B2 at the A-30. During B2's run, B75 blocks A60 below the waist at the A-20. Team A had 2 backs in motion at the snap. Since both teams committed a live ball foul, those fouls will offset, and we will replay the down.

- A. True
- B. False

76. A, 1/10, A-20. QB A1 throws a pass that is intercepted by B2 at the A-30 where he is tackled. Team A had 5 players in the offensive backfield at the snap. Team B can “tack-on” the 5-yard penalty from the dead-ball spot.

- A. True
- B. False

77. A, 1/10, A-20. QB A1's pass is intercepted by B23 at the A-35 after B23 interfered with WR A2, pulling him to the ground during the pass. During B23's run, A65 illegally blocks B75 below the waist at the A-15. These fouls will offset, and the down will be replayed.

- A. True
- B. False

78. A, 1/Goal, B-8. QB throws an interception to B2 in the endzone. After the interception, B5 holds A2 in B's endzone. Team A had 5 players in the offensive backfield at the snap. Team B will accept Team A's illegal formation foul because to not accept it would result in a Safety for Team A. Team A will also accept the Holding on Team B, the two live-ball fouls will offset and we will replay the down.

- A. True
- B. False

79. A, 4/Goal, B-6. Late in the game, Team A is trailing Team B by 6 points. RB A21 receives the hand-off and runs to the B-3 where he is driven out of bounds by B40. B40 continues to tackle A21 and makes a second act, forcefully throwing A21 to the ground 4-yards outside the field of play. Team A had 5 players in the offensive backfield at the snap. These fouls will offset, and the down will be replayed.

- A. True
- B. False

## **Section 9 – CFOA Overtime Procedures**

80. A, 1/10, B-25. First overtime possession. QB A1 throws a pass that is intercepted by B2 and returned for a touchdown. After the interception and during the return, B99 illegally blocks A50 in the back at the B-20. The next play will be:

- A. True
  - B. False
84. QB A1's pass is intercepted by B30 at the B-5 and runs for a Touchdown. During the return, B90 holds A79 at the B-15. The score will not count, but Team B will be next to put the ball into play after the penalty has been enforced. B, 1/10, B-35.
- A. True
  - B. False

## **Section 10 – Inadvertent Whistle**

They happen...anyone who says they've never had one is probably lying or will have one in their next game if they don't knock on wood. Depending on your unit, you may be buying the first round at the after-game dinner.

California Football Officials Association

**2024 Summer Study Guide**

Officials Version

Most officials do not keep their whistle in their mouth during the play to avoid a quick, early whistle before the ball is dead. The play ends itself, not our whistle. See the ball or player in possession on the ground before blowing your whistle.

But when they do happen, it's important to know what we need to do. 4-2-3 lists the various times in which an inadvertent whistle could happen and what to do about it: 1) Ball in player possession, 2) During a loose-ball, or 3) During a legal forward pass or kick.

85. A, 1/10, A-40. QB A1 hands the ball to A21 and runs to the right. Back A45 illegally blocks B90 below the waist at the A-45 and B90 is obviously injured on the play. A21 has possession of the ball and while at the A-47, the Head Line Judge blows their whistle given B90's injury. The foul can be enforced and will be administered from the previous spot.

- A. True
- B. False

86. K, 4/10, R-45. K1's kick is high and as the ball is coming down at the R-15, it hits K25 on the helmet at the R-17 and is grounded at the R-22. R1 dives in an attempt to recover the ball at the R-22 but muffs it. The Back Judge, thinking R1 has possession, blows their whistle while the ball is still loose. The ball will next be put into play R, 1/10, R-17. (6-2-5)

- A. True
- B. False

87. A, 1/10, A-20. Team A has a run/pass option offense. QB A1 fakes a handoff to A21 who runs up the middle of the line simulating that he has the ball. A1 runs to his left with the ball and is at the A-25 when the Umpire, thinking A21's forward progress is stopped, blows their whistle. Team A has the option to replay the down from the previous spot or take the result of the play at the dead-ball spot.

- A. True
- B. False

88. K, 4/10, R-45. K1's kick is high and R1 signals for a fair catch at the R-15. The ball hits R1 in the chest and the Back Judge blows his whistle as the ball is grounded. Team R has the option to take the ball at the dead-ball spot since there was a legal scrimmage kick and Team K was not in possession.

- A. True
- B. False

89. A, 1/10, A-20. QB A1's pass is caught by A21 at the A-35. A21 fumbles the ball at the A-40 and it is recovered by B25. Thinking the play was over the Line Judge blows their whistle when B25 was at the A-38. The Umpire confirms that B25 has possession when the whistle was blown. Team B will be next to put the ball in play at the A-38, First and 10.

- A. True
- B. False

## **Section 11 – The Clock and Timeouts**

While the Back Judge is generally responsible for signaling to the Referee the status of the clock after penalties are enforced, but clock status a responsibility that every official on the field should know. Further, every official has a responsibility during a timeout. All officials should note the team that called the timeout and the quarter/time in their notebook and confirm timeouts remaining with the other officials and coaches.

90. K, Free Kick, K-40. Team R trails Team K by 6 points with 0:04 in the 4<sup>th</sup> quarter. Kicker K1 kicks the ball low and it hits the ground at the R-40 and starts bouncing around. The clock operator starts the clock when the ball is grounded. R44 recovers the kick while on the ground at the R-30 and the clock reads 0:00. (3-4-1)
- A. The game is over.
  - B. Referee should instruct the clock operator to put 0:04 seconds on the clock. R, 1/10, R-30.
91. The Back Judge is responsible for the one-minute time-out interval. With 20 seconds remaining, the Back Judge will blow their whistle 3 times indicating the teams should begin getting set for the next down. Flank officials should assist and verbally remind their teams to return to the field.
- A. True
  - B. False
92. After the play, Team A's coach calls a timeout which is granted by the Line Judge. Lineman A75 falls to the ground with a cramp and the Umpire signals for an officials timeout. A75 can return to the game without being replaced for one play.
- A. True
  - B. False
93. A, 2/15, A-15. After QB A1 was tackled inbounds on first down, the Referee notices A55 on the ground holding his ankle for an extended period of time and stops the clock for an officials timeout. Team A's head coach can call a timeout to clean it up and have A55 back in the game for the next down. (3-5-10)
- A. True
  - B. False
94. In question 93 above, after A1 leaves the field and is replaced by A2, the play clock will be set to XXXXX and the game clock will start on the XXXXX. (3-4-2, 3-6-1)
- A. 25 seconds, Snap
  - B. 25 seconds, Ready
  - C. 40 seconds, Snap
  - D. 40 seconds, Ready

95. A, 1/10, A-20. A21 receives the handoff and is tackled by B90 and B92 at the A-25. During the legal tackle, A21's helmet comes off. A21 must be replaced for one down. The play clock will be set to 40 seconds and the game clock will start on the snap.

- A. True
- B. False

## **Section 12 – Mandatory versus Illegal Equipment**

Our student athletes continue to modify or remove equipment to look like college or NFL players. Cutting knee pads, or even removing them completely, or not wearing/using a mouthpiece are among our biggest equipment issues we as officials continuously come across. It is the responsibility of all officials to address any issues during the pregame warm-up period.

Knee pads do not need to be pulled down or jerseys untucked from under the shoulder pads until the ready for play has been sounded by the Referee, but we still need to do our best before the game to warn players and coaches of such infractions. However, when thinking about when to penalize a head coach for equipment issues, determine whether: 1) Was the equipment missing or be improperly worn or 2) was the equipment illegal. Start with section 1-5 before completing this section.

96. The home team's equipment manager, trainer and team doctor provide the Referee with a personal doctor's note authorizing #33 to be able to play with a tinted visor on their helmet. The request will not be granted and #33 can only play with a clear visor, absent of any tint.

- A. True
- B. False

97. A, 1/10, A-20. The Umpire notices that Lineman A75 does not have a mouthpiece and takes an official timeout to remove the player from the game for one play. Another lineman on the sideline gives A75 his mouthpiece. A75 may now stay in the game.

- A. True
- B. False

98. During the pre-game conference, the Referee, with another official present, will ask each head coach if every player is legally equipped, instructed on the proper use of their equipment and confirm players will not use illegal equipment. (1-5-4)

- A. True
- B. False

99. Following the coaches pregame verification, if a player is seen not wearing required equipment (e.g. knee pads, mouthpiece, or thigh guards) or if a player is not wearing their equipment properly (e.g. knee pads where the thigh pads should be) the head coach will receive an Unsportsmanlike Conduct foul. (10-8-1)

- A. True
- B. False

100. During the previous play, WR A2's knee pads have rolled up around his thigh pads and are not covering the players knees. A2 joins his team's huddle and lines up for the next down without fixing his knee pads. The flank official blows their whistle and tells A2 to pull down his knee pads. A2 may remain in the game when properly equipped.
- A. True
  - B. False
